Fun Facts:

Learned in SPC:

Houston B. Teehee was the first mayor of Tahlequah. He was also the U.S. Treasurer under President Wilson.

Alice Brown Davis was the first woman chief of the Seminoles and also Muskogee's first postmaster.

Acquisitions Fall Report

We have been steadily increasing in the number of order requests that are being received from Resource Coordinators and the flow of orders out and material in has been slowly increasing. As of the end of November we have sent out 1119 orders of which 593 have been received from the vendors.

At the beginning of November, we had the Scholastic book sale which involved the folks from Acquisitions as well as others in Technical Services and other departments. At the end of the week, we earned enough to select 89 books for a total of \$887. Our sales totaled over \$2,000 which made this another successful event. Thanks to Amanda's efforts, we even had bagels available two days.

The Ebsco renewal invoice is in and posting is about to begin on the invoices so that prices will be up to date for the release of the annual subscription review list in January.

The closing of the NSU-Muskogee library has created some interesting conversations about newspaper deliveries, etc.

Gift donations have been falling recently which is either a good thing ... or a bad thing. Donations are always welcome from our NSU family. Just a thought if you are looking at a little extra deduction for your tax return.

A Word from the Cataloging Department

Tips for searching movies in the library catalog:

Did you know you can do an author search for the main actors and actresses and the directors of films? For example: Hanks, Tom; Monroe, Marilyn; Spielberg, Steven; Howard, Ron.

Subject searching is also possible. Try a subject search for the following genre headings:

Collection Maintenance Fall Activities

Collection Maintenance has been working on regular work this semester. Ashley, our student, has been checking in magazines promptly, bindery shipments have been going out every three weeks and many added volumes of monographs and serials have been handled.

In mending, music scores have been waiting until we get our order of music binders.

We had used all the binders we had.

We have been working with Muskogee materials all semester. Many were withdraw or relocated and recently the rest have new statuses of In Transit (Y Collection) or Muskogee Storage.

Linda is working on withdrawing three trucks of Oklahoma documents that

have been weeded from the shelves.

Supply orders have been coming in and we are ordering a quantity of barcodes this year. Fingers crossed that the barcodes last until the order comes in.
